

AMIT KUMAR

React Native | Cross-Platform Mobile Developer, India | +91 8292544765 | amitk.kumar414@gmail.com
github.com/amit265 | linkedin.com/in/amit265/

React Native Developer with 5+ years of experience building and shipping production-ready mobile applications for **iOS, Android, and Web**. Experienced in **TypeScript, Firebase, real-time synchronization**, and **AI-powered features**. Proven track record of architecting scalable mobile solutions, deploying cross-platform applications, and leveraging AI-assisted development workflows to accelerate delivery and improve code quality.

PROFESSIONAL EXPERIENCE

Lead React Native Developer | Destya Studio (Remote) | Jul 2024 – Present

- **Real-Time Sync**: Engineered a shared-session feature using **Firebase Realtime Database** for synchronized game states and live user reactions.
- **Cross-Platform Delivery**: Architected and published 5+ production applications across **Apple App Store, Google Play Store, and Web** platforms.
- **Advanced UI/UX**: Developed interactive quizzes and multi-mode experiences using React Native, Redux, and custom animations.
- **Architecture & Stability**: Implemented offline-first caching with AsyncStorage and integrated Firebase Crashlytics for monitoring and stability.
- **AI Implementation**: Integrated LLM APIs to power intelligent trivia and dynamic content generation.
- **AI-Assisted Development**: Leveraged Gemini CLI for architecture planning, code generation, debugging, refactoring, code reviews, and documentation.

Civil Services Candidate | Bihar Public Service Commission (BPSC) | Jan 2022 – Jul 2024

- Qualified for the BPSC Mains Examination in 3 consecutive attempts.
- Returned to software development by mastering React Native, TypeScript, and modern full-stack development.

Independent App Developer | Almanac Explorer | Jul 2018 – Dec 2021

- Built and maintained Android applications using Java and XML.
- Managed Play Store publishing, AdMob integration, analytics, and policy compliance

KEY PROJECTS [android](#) | [ios](#) | [web](#)

- **Question Games**: Engineered real-time multiplayer sessions using Firebase Realtime Database to synchronize game states and user interactions.
- **Trivia Quest AI**: AI-powered quiz platform leveraging LLM APIs for question generation, explanations, and progress tracking.
- **CodeRespite**: Personal portfolio and technical hub built using Next.js, Redux, and Tailwind CSS.

SKILLS

- **Frameworks**: React Native, React, Next.js, Node.js, Express, Redux, Tailwind CSS.
- **Tools**: Firebase, MongoDB, Git, Gemini CLI, Android Studio, Xcode, Play Store & App Store Connect.
- **Languages**: TypeScript, JavaScript (ES6+).
- **AI & Automation**: LLM API Integration, AI-Powered Features, Prompt Engineering, AI-Assisted Development Workflows

EDUCATION

- **B.Tech, Computer Science**: Aryabhatta Knowledge University, Patna (2014-2018) (CGPA: 8.21).
